Administrator's Column

This is the time of year when we remind parents "We promise not to believe everything we hear about you if you promise not to believe everything you hear about us". While we smile at that saying, it's a great reminder of the importance of communication. You don't have to wait until parent-teacher conferences to follow-up with your child/ren's teachers - it's healthy for kids to know parents and teachers are a team, working together.

Blessings,

Dr. Peggy Polson

I will say of the LORD, "He is
