

# BELLEVUE CHRISTIAN SCHOOL

## SCHOOL PROFILE

**Statement of Non-Discrimination:** Bellevue Christian School admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school.

Ethnic groups represented at Bellevue include five percent African Americans, six percent Asian and Pacific Islanders, 71 percent Caucasian and 18 percent Hispanic.

**School:** Bellevue Christian School has been meeting the educational and spiritual needs of children in this community since 1920. Bellevue is a ministry of the Pillar of Fire International and as such is a part of an association of Christian schools across the country, in England, and in several foreign countries.

Pillar of Fire, Inc. is a worldwide evangelical Christian organization that was founded in 1901. Pillar of Fire hosts a variety of ministries, including Christian radio stations, schools, churches, colleges, sports camps, and foreign missions activities.

In the Denver area, in addition to Bellevue Christian School, the POF ministries include radio station KPOF AM 91, Bellevue Community Chapel, and the Pillar of Fire Church in downtown Denver.

**ACSI Accredited:** Bellevue Christian School is accredited by the Association of Christian Schools International (ACSI). Teachers attend annual conventions that encourage personal and professional growth in the ministry of Christian school education. ACSI also hosts various local and regional academic competitions whereby students are challenged to display their interests and abilities in a larger setting.

**Faculty:** We hire qualified, degreed teachers to staff classrooms. Teachers must have permanent, professional, or temporary certification, with two years to achieve full certification. A stringent application process is employed to help discern an applicant's educational and spiritual make-up. Responses are sought that help formulate a profile of a prospective teacher's character, relationship with Jesus Christ and professional preparation. It is critical that our teachers, the "living" curriculum, be competent and capable. Bellevue seeks teachers who are adept at transmitting an integrated curriculum denoting a Biblical worldview coupled with personal, academic, and professional experiences appropriate for their instructional level.

**Demographics:** Situated with an incredible view of the Rocky Mountains, Bellevue Christian School is located in the city of Westminster, a suburb northwest of Denver, Colorado.
