Administrator's Column

Remember telling your young child to "use your words"? How they use their words throughout life will greatly affect all aspects of life - a future vocation, marriage, children, etc. Words are powerful. Words can bring about positive results; words can also be detrimental. As we work together to "Train up a child in the way he should go", let's frame our words, even in correction, to positively build into the lives of these

precious gifts.

Blessings,

Dr. Peggy Polson
